

Lesson 1

Discovering Our Amazing Heavenly Father

Introduction:

Our Heavenly Father and Jesus Christ are like the best Superheroes ever! They created everything—the sky, the earth, the animals, and even us! Let's learn more about how we know there is a God, what God is like, and how we can become closer to Him.

1. How Do We Know There Is a God?

Look up at the night sky! Isn't it incredible? All the stars and planets show us that there must be someone who made them all. God created everything. He made us, We are His children. When we see the beauty of nature, all the plants and animals that He made for us to enjoy, we can feel His love for us. When we look at the art we've made, we know it didn't make itself, it's just like that with ourselves. God made us.

2. What Is God Like? (Genesis 1:27 - We are Made in His Image)

God is super perfect and super powerful! He's full of love, mercy, and goodness. He made us to be like Him, so we know that we have a body like His. Even though we can't see Him, we can feel His love in our hearts.

3. How Can We Get to Know God? (John 17:3)

Getting to know God is like making a new friend. We can start by believing in Him and knowing that He loves us. We can read about Him in the Bible. When we talk to Him in our prayers, He listens and helps us. And when we follow His rules, we show Him that we love Him.

Conclusion:

Our Heavenly Father and Jesus Christ created us, and are like our best friends who are always there for us. They made everything and love us more than anything. Let's keep learning about Them and talk to Heavenly Father every day, so we can become more like Jesus and have eternal happiness with Them.

Additional Scriptures:

- Acts 7:55–56 (Jesus at God's right hand)
- Psalm 24:1 (The earth belongs to God)
- John 3:16 (God loves us so much)

The Starry Night Revelation

Once upon a time, in a world not so different from ours, there lived a curious girl named Maya. Maya cherished evenings with her family, especially under the starry sky. One night, she asked, "How do we know there is a God?"

With tender smiles, Maya's parents gestured to the heavens. "Look up, Maya," her father said. "See the stars? They're like a masterpiece painting, and every masterpiece has an artist."

Wide-eyed with wonder, Maya realized, "So, God created everything?"

"Yes, dear," her mother replied. "He made the heavens, the earth, and even us. We are His cherished creations, made in His image."

Filled with awe, Maya whispered, "That's amazing!"

As Maya grew, she learned more about God's love. She discovered that God is like the ultimate superhero—full of love, mercy, and goodness. He watches over us, guiding and protecting us every step of the way.

Reading from the Bible, Maya found a verse: "God made man in His own image." She understood that God created her to reflect His love and kindness.

Excitedly, Maya sought to know God better. She prayed daily, pouring out her heart to Him and listening for His voice. She also read stories from the Bible, learning about His miracles and teachings.

Through prayer and scripture, Maya felt closer to God than ever before. She knew He was her Heavenly Father, who loved her unconditionally.

As years passed, Maya grew into a compassionate young woman, reflecting God's love to all. Her life became a testament to the bond between a child and her Heavenly Father.

Through challenges, Maya remembered God was always with her, guiding her with His love.

So, my dear friends, like Maya, let's gaze at the starry sky and marvel at God's creation. Let's remember we're His beloved children, made in His image. As we journey, let's seek to know Him through prayer, scripture, and love.

For in doing so, we draw closer to God, our eternal friend, and experience the joy of being His children. Amen.
